To: Moore Smaller Authorities Team

Dear Sir/Madam,

**Re. Annual Governance and Accountability Return 2025/2026**

Cholsey Parish Council has selected 'NO' to the new Assertion 10 on the AGAR form for 2025/2026. This corresponds to a 'NO' on Assertion O by the internal auditor.

This is because we do not currently have a WCAG 2.2 AA-compliant website. We approached our current website provider regarding this, but they were not able to undertake the work required or support us to do this. At the 17th December 2025 meeting, the Parish Council therefore resolved to appoint Aubergine to develop a new website for the Council.

Our new WCAG 2.2 AA-compliant website is in the final stages of development and is expected to launch in June 2026. The Council fully understands the requirements of Assertion 10 and confirms that other aspects of compliance are in place – including gov.uk email addresses, GDPR policies/data audit, and IT policy.

With best regards  
Claire Bird

Clerk, Cholsey Parish Council
